Case No. 49576

) ORDER CONDITIONALLY GRANTING  
MOTION TO FILE A LATE NOTICE OF  
CLAIM

)

)

On September 22, 2025, Clifford Fry, Jr. filed a Motion to File Late Notice of Claim for the above-captioned water right. A hearing on the motion was held on January 20, 2026. No party appeared in opposition to the motion. However, following a review of the file, the Court found that the claimant did not identify a quantity for the claim in terms of a rate of flow in cubic feet per second as required by Idaho Code § 42-1409. Counsel for the Idaho Department of Water Resources represented that a water right agent from the Department would work with the claimant to file an amended claim that identifies a claimed quantity consistent with Idaho Code § 42-1409. After hearing the comments made in open court, the Court found that good cause exists for granting the instant Motion, provided that the claimant file an amended claim within thirty (30) days of this Order that identifies a quantity for the claim in terms of a rate of flow in cubic feet per second.

THEREFORE, IT IS HEREBY ORDERED that the Motion to File a Late Notice of Claim for the above-captioned water right is **conditionally granted** subject to the Claimant filing an amended claim within thirty (30) days of this Order that identifies a quantity for the claim in terms of a rate of flow in cubic feet per second.
